

Roll With Me

Jonas Blue

I don't see no competition
You didn't win the lottery
So you better ask permission
If you wanna roll with me
See you whistle out the window
Boy, I ain't your property
Go, go, go switch up your lingo
If you wanna roll with me

Roll, you know I wanna roll, you know I wanna roll
Switch up your lingo
Roll, you know I gotta roll, you know I gotta roll
If you wanna roll with me
Roll, you know I wanna roll, you know I wanna roll
Switch up your lingo
Roll, you know I gotta roll, you know I gotta roll
If you wanna roll with me

Roll with me, don't fade on me, love
Go with me, don't wait on me now
Oh baby, don't play with me now
Slow down, let me talk to you
Roll down to the rendez-vous
Oh baby, don't play with me now
If you wanna roll with me
You wanna chauffeur, just sign me up, just sign me up
Tryna love ya, gonna make me broke, I know
You want a fast car, girl, buckle up, girl, buckle up
You a boss, huh? I'ma let you take control
If you wanna roll with me

I don't see no competition
You didn't win the lottery
So you better ask permission
If you wanna roll with me
See you whistle out the window
Boy, I ain't your property
Go, go, go switch up your lingo
If you wanna roll with me

Roll, you know I wanna roll, you know I wanna roll
Switch up your lingo
Roll, you know I gotta roll, you know I gotta roll
If you wanna roll with me
Roll, you know I wanna roll, you know I wanna roll
Switch up your lingo
Roll, you know I gotta roll, you know I gotta roll
If you wanna roll with me

You know I'm gonna rollest (rollest)
She gon' bust your own waist
She wanna drive round the city on some low shit
And take it back to mine and bring her home quick
Switching lanes in the drop top
The parker up on the quick though
Red top [?] she can't wait till the ting park
Reminisce skirt to the next fall

I don't see no competition
You didn't win the lottery
So you better ask permission
If you wanna roll with me
See you whistle out the window
Boy, I ain't your property
Go, go, go switch up your lingo
If you wanna roll with me

Roll, you know I wanna roll, you know I wanna roll
Switch up your lingo
Roll, you know I gotta roll, you know I gotta roll
If you wanna roll with me
Roll, you know I wanna roll, you know I wanna roll
Switch up your lingo
Roll, you know I gotta roll, you know I gotta roll
If you wanna roll with me
