Coming Home This Christmas

Jonas Brothers

```
Oh-oh-oh-oh-oh-oh-oh-oh
Oh-oh-oh-oh-oh-oh-oh-oh

It's been a lonely night seeing the city sights without you, yeah
Hanging the Christmas lights, but I still feel all kinds of blue, ah, yeah

There's something wrong about it (There's something wrong about it)
And I don't wanna doubt it (I don't wanna doubt it)
'Cause I just wanna shout it ('Cause I just wanna shout it)
Oh, it's true, so baby, get ready and light up the fire

Wait a minute, hey, I'm coming home this Christmas
I'm getting the last plane home
Hey, you won't be alone this Christmas
Hey, I'm coming home
Everybody's talking 'bout it
Miss you so bad, gotta shout it
Wait a minute, hey, I'm coming home this Christmas
Hey, I'm coming home

Heavenly stars. They glow, but I can only think about you, yeah, yeah, yeah
I'm packing a bag to go, wish I could bring you back the moon, yeah, yeah

But there's something wrong about it (There's something wrong about it)
And I don't wanna doubt it (I don't wanna doubt it)
'Cause I just wanna shout it ('Cause I just wanna shout it)
Oh, it's true, so baby get ready and light up the fire

Wait a minute, hey, I'm coming home this Christmas (Oh, yeah)
I'm getting the last plane home
Hey, you won't be alone this Christmas
Hey, I'm coming home
Everybody's talking 'bout it (Oh, yeah)
Miss you so bad, gotta shout it
Wait a minute, hey, I'm coming home this Christmas
Hey, I'm coming home

Ooh, ooh, yeah, yeah
I'm coming home, hey

Wait a minute, hey, I'm coming home this Christmas
I'm getting the last plane home
Hey, you won't be alone this Christmas
Hey, I'm coming home

Wait a minute, hey, I'm coming home this Christmas
I'm getting the last plane home
Hey, you won't be alone this Christmas
Hey, I'm coming home (I'm coming)
Everybody's talking 'bout it (Ah, ooh)
Miss you so bad, gotta shout it (Gotta shout it)
Wait a minute (Wait a minute), hey, I'm coming home this Christmas
Hey, I'm coming home
