

Slow Motion

Jonas Brothers

Usually not the type to keep 'em waiting
Usually like to love and leave 'em fast
Something that you doing got me thinking
I'ma take my foot up off the gas

She said, "Hey, I like where this is going
So let's just take it slow, slow motion"
Been waiting all day to get you in this moment
So let's just take it slow, slow motion

Oh yeah, oh yeah, oh yeah, alright, alright, alright
So let's just take it slow, slow motion
All day, all day, all day, all night, all night, all night
Yeah, I'ma take it slow, slow motion

Yeah, I'ma take it slow, slow motion

She don't need a guy to buy a bottle
Just someone to spend a little time
Baby, I can't promise I'll still be here by tomorrow
But I can give you all of me tonight

She said, "Hey, I like where this is going
So let's just take it slow, slow motion"
Been waiting all day to get you in this moment
So let's just take it slow, slow motion

Oh yeah, oh yeah, oh yeah, alright, alright, alright
So let's just take it slow, slow motion
All day, all day, all day, all night, all night, all night
Yeah, I'ma take it slow, slow motion

Oh yeah, oh yeah, oh yeah
Oh yeah, yeah, yeah
Slow, slow motion
All day, all day, all day
I'ma take it slow, slow motion
