

# When You Know

Jonas Brothers

Got my head on a turnstile, baby  
Running past you, acting like kids  
It's all faded now, faded now  
Now I'm shy in an empty bed  
Ceiling fan got me spinning again  
I should take it down, take it down

Where did the time go?  
Thought I had it on my wrist  
We had a motto  
Guess I lost it in the wind

When you know, you know, you know  
When it's time to stay  
And time to go, to go, to go  
I'm not afraid to say (That I hope)  
That I hope, I hope, I hope  
I hope you feel the same  
When you know, you know, you know  
I know it's you  
It's always been you

Two sides of a beat-up coin  
No matter how you throw, it's the same outcome  
We just like to play the game, play the game  
Close my eyes and lose my place  
Take me back to better days  
Or just buy me one more drink, one more

Where did the time go?  
Thought I had it on my wrist  
We had a motto  
Guess I lost it in the wind

When you know, you know, you know  
When it's time to stay  
And time to go, to go, to go  
I'm not afraid to say (That I hope)  
That I hope, I hope, I hope  
I hope you feel the same  
When you know, you know, you know  
I know it's you  
It's always been you

You'll bury me with all the words  
I didn't say, oh God, it hurts  
The weight of you is on my chest  
I'll take the blame, you take the rest

When you know, you know, you know  
When you know, you know, you know

When you know, you know, you know  
When it's time to stay  
And time to go, to go, to go  
And I'm not afraid to say (That I hope)  
That I hope, I hope, I hope

I hope you feel the same  
When you know, you know, you know  
I know it's you  
It's always been you

It's always been you  
It's always been you  
It's always been you  
It's always been you
