

# Make My Mind Go

Jonasu

Think I'm falling for your secrets  
Think I'm going in too deep  
I know you will find my weakness  
Something 'bout the way you looking  
You know that you're breaking me  
And when I push you keep on pulling

Give me everything, take my soul  
'Cause I'm under your, your control  
Take my innocence, take it all  
Won't you call on me? Make my mind go

Won't you call on me? Make my mind go  
Play your tricks on me, make my mind go  
Won't you call on me? Make my mind go  
Play your tricks on me, make my mind go

Tell me I don't need a promise  
That all of this belongs to me  
And baby tell me that you want this  
You want this too

Give me everything, take my soul  
'Cause I'm under your, your control  
Take my innocence, take it all  
Take it all, make my mind go

Won't you call on me? Make my mind go  
Play your tricks on me, make my mind go  
Won't you call on me? Make my mind go  
Play your tricks on me, make my mind go
