

Thinkin Bout You

Jonasu

It's been more than a week
Since you got into my head
And made a hell of a mess
Not cool

Oh God, it might be too much
But I wrote down this confession
I know I shouldn't press send
But I do

'Cause I like falling down deep
Falling down deep
Falling down deep

So tell me
Do you like me?
Do you like me?
Do you like me?

'Cause I can't stop thinking 'bout you
Thinking 'bout you
Thinking 'bout you
And I just can't
Help that I do
Help that I do
Think about you

Oh, I know all the drugs and internet won't do
Cause I can't stop thinking 'bout you
Thinking 'bout you
Thinking 'bout you

'Cause I can't stop thinking 'bout you
Thinking 'bout you
Thinking 'bout you

And I just can't
Help that I do
Help that I do
Think about you

Oh, I know all the drugs and internet won't do
'Cause I can't stop thinking 'bout you
Thinking 'bout you
Thinking 'bout you

Go fast, go slow
Come on tell me what's your tempo
'Cause I'm kind of bad
At guessing

My friends, they say
Go put your phone away
But all I really wanna do
Is text you

'Cause I like

Falling down deep
Falling down deep
Falling down deep

So tell me
Do you like me?
Do you like me?
Do you like me?

'Cause I can't stop thinking 'bout you
Thinking 'bout you
Thinking 'bout you

And I just can't
Help that I do
Help that I do
Think about you

Oh, I know all the drugs and internet won't do
'Cause I can't stop thinking 'bout you
Thinking 'bout you
Thinking 'bout you

'Cause I can't stop thinking 'bout you
Thinking 'bout you
Thinking 'bout you

And I just can't
Help that I do
Help that I do
Think about you

Oh, I know all the drugs and internet won't do
'Cause I can't stop thinking 'bout you
Thinking 'bout you
Thinking 'bout you

Yeah, I like
Falling down deep
Falling down deep
Falling down deep

So tell me
Do you like me?
Do you like me?
Like me?

'Cause I can't stop thinking 'bout you
Thinking 'bout you
Thinking 'bout you

And I just can't
Help that I do
Help that I do
Think about you

Oh, I know all the drugs and internet won't do
'Cause I can't stop thinking 'bout you
Thinking 'bout you
Thinking 'bout you
