

Whatever I Like

Jonasu

One drink, two drink, three and then four
I'm gonna party and party some more
Kiss you, kiss whoever tonight
I'm gonna do whatever I like
One drink, two drink, three and then four
I'm gonna party and party some more
Kiss you, kiss whoever tonight
I'm gonna do whatever I like

I came here to party party party party
Came here to move my body body body body
If I get a little naughty naughty naughty naughty
Well I ain't even sorry sorry sorry sorry
Watch me do I what I do, ain't no one controlling me
Twelve and one and then two, I ain't going home no way
Surfing on that champagne, watch me catch a wave
Watch me do I what I do, ain't no one controlling me

One drink, two drink, three and then four
I'm gonna party and party some more
Kiss you, kiss whoever tonight
I'm gonna do whatever I like
One drink, two drink, three and then four
I'm gonna party and party some more
Kiss you, kiss whoever tonight
I'm gonna do whatever I like
I'm gonna do whatever I like

One drink, two drink, three and then four
I'm gonna party and party some more
Kiss you, kiss whoever tonight
I'm gonna do whatever I like
I'm gonna do whatever I like
