

Who Cares

Jonasu

Oh that's just like me
To go out all night
Stuff my responsibilities
Yeah
Oh that's just like me
At 6 AM
Woke up in your room
Not again

Who cares what they say
I'm too young to give a damn
I had fun
Oops, I'm last to leave
Drunk dialed you again
Sent selfies to my ex
I know Monday's not my friend
Well, who cares?

Who cares?
Who cares?
(Who cares?)

That is so like me
To go way too hard
Dance all alone
Till the light's coming on and
No, you can't stop me
'Cause it's my life
Regret it tomorrow
But right now it feels alright

Who cares what they say
I'm too young to give a damn
I had fun
Oops, I'm last to leave
Drunk dialed you again
Sent selfies to my ex
I know Monday's not my friend
Well, who cares?

Who cares?
Who cares?
(Who cares?)

I've counted my blessings
'Cause I don't learn my lessons
No point in tryna change me
I'm doing it my way
Dance like it's just me
Cancel tomorrow
'Cause it's so electric
I love this feeling it gives me

Who cares what they say
I'm too young to give a damn
I had fun
Oops, I'm last to leave

Drunk dialed you again
Sent selfies to my ex
I know Monday's not my friend
Well, who cares?

Who cares?
I had fun
Who cares?
(Who cares?)
