

# Never Again

jonatan leandoer96

Never again, never again  
Never again, never again

You weren't like him, you were like me  
Everybody wanted to come and look at the monster  
I get that you were worried but you gave me an heart attack  
My heart is stone  
Only Lord knows I've suffered through too much  
When I drink, I drink too much  
When I love, I love too much

Never again, never again  
Never again, never again  
Never again, never again  
Never again, never again

I need love and affection  
First time I met you, you had come to the wrong place  
Ever since then, you were the only thing in my head space  
Wearing blue jeans and you looked so good  
Do you still think about us? Do you still think about us?  
Not a day goes by without me thinking about you

Never again, never again  
Never again, never again  
I fall in love again  
Never again, never again  
Never again, never again  
I fall in love again  
I don't wanna stop now  
I don't wanna stop now  
Never again
