I'm a rockstar, cowboy in the dark
I'm a rockstar, cowboy in the dark
I'm a rockstar, cowboy in the dark
I'm a rockstar (Na-na-na)
Cowboy in the dark (Na-na-na-na-na)

If I leave now, wouldn't change a thing
When you take this is for take my skin
Insects on my skin, I won't be back again
It's mine, it's mine, I see the light at the very end
Lost in paradise, I want the snakes crawling
Holding on to you as I keep walking
Looked into an angel's eyes, I saw her grin
Keep my dogs and send me in a box with them
This life really independent as an evil thing
I'm chasing my own tail as I relapse again
What I do for you, I can't describe what it is
I see lights around me, I see foreign winds
I'ma buy cake for you
I'ma buy cake for you
Married to the money with no wedding ring
I see the sky falling, seeing ghosts again
I see ravens flying south, caught up in the wind
Caught up in the wind
Caught up in the wind

I'm a rockstar, I'm a cowboy in the dark
I'm a rockstar, cowboy in the dark
I'm a rockstar, cowboy in the dark
I'm a rockstar, cowboy in the dark
