

## REALLY REALLY LOVE

Jonatha Brooke

Where do we go from here?  
Now that all is said and done  
Now that all the bets are off and the best man won  
How do I make it clear?  
You can't hide and you can't run  
Now that you're the only one, the only one I

Love to love, I love to give my love to you, 'cause I really re  
ally love you  
I love to love, I love to be with you, because I really really  
do  
I love to love, I love to give my love to you  
'Cause I really really love you  
'Cause I really really love you

Maybe it's destiny, we kept searching near and far  
When all the answers are, right where they're supposed to be  
Baby, it's you and me, we're the perfect mystery  
Easier than one two three, can't you see I

Love to love, I love to give my love to you, 'cause I really re  
ally love you  
I love to love, I love to be with you, because I really really  
do  
I love to love, I love to give my love to you  
'Cause I really really love you  
'Cause I really really love you

You're my favorite flavor, you're the taste I savor  
You're my missing puzzle piece  
You're my party favor, better than a neighbor  
'Cause baby I want a lifetime lease  
So we can keep some peace together

I love to love, I love to give my love to you, 'cause I really  
really love you  
I love to love, I love to be with you, because I really really  
do  
I love to love, I love to give my love to you  
'Cause I really really love you  
'Cause I really really love you
