

Your House

Jonatha Brooke

Take me down to your house
Show me where you live
Room by room, all the things you cherish

Tell me where you're going
Show me where you've been
Year by year, all the things that you wished

And I'll give my love, give my love
Angel, I am here and I am.....yours.

Whisper me your secrets,
I won't tell a soul
One by one, I'll treasure every story

This is where our love goes
Circling back again
This is heaven's gift to us to tell it

And I'll give my love, give my love
Angel I am here and I am....yours

Tonight we'll speak the old words
Caress the silence
Tonight we'll tell the whole world where to go

I will walk the way in,
You'll take the journey out
Path across our hearts, eyes wide open

Room by room, year by year, one by one, say goodnight,

Love...
Love.
