

# Continue Calling

Jonathan Boulet

Come join us, we don't bite  
Come join us, we don't bite  
We only dance and write  
We only dance and write  
Don't stop to think about  
Don't stop to think about  
Whether you're in or out  
Whether you're in or out  
Hey-o

We'll dance our cares away  
We'll dance our cares away  
We'll stomp out yesterday  
We'll stomp out yesterday  
Have no house left to stay  
Have no house left to stay  
With no house we don't stray  
With no house we don't stray  
Hey-o, hey-o, just let us stay-o  
Away, away, please just don't go away  
E-yeah, E-yeah, it's never been here  
Yeah-e, yeah-e, stomped on your feet  
Hey-o, hey-o, hey-o, hey-o

Slap on your knees and thighs  
Slap on your knees and thighs  
Hold on and close your eyes  
Hold on and close your eyes  
We're going somewhere new  
Let's all be something new  
We're going somewhere new  
Let's all be something new  
Hey-o

Let's all forget the world  
Let's all forget the world  
Let's all forget ourselves  
Let's all forget ourselves  
Listen to stories told  
Listen to stories told  
We're never growing old  
We're never growing old  
Hey-o, oh, oh, oh

We can't all say  
Hey-o, hey-o, just let us stay-o  
Away, away, please just don't go away  
E-yeah, E-yeah, it's never been here  
Yeah-e, yeah-e, stomped down on your feet  
Hey-o, hey-o, hey-o, hey-o  
Hey-o, hey-o, hey-o, hey-o  
Hey-o, hey-o, hey-o, hey-o
