

You Never Knew Me

Jonathan Boulet

I'll tell you where to go from here
But then you're on your own
And if you get caught
You never knew me
Don't talk
Don't
Even though I'll leave
Talk to me about loyalty
It's far too late to pass the blame
You've gone and stopped it all
There's no more movement now for us
Our legacy is dust
Give me
Give one good reason not to share and not to give
Give me one good reason
I think you're out of time
Time
You never knew me
