

# Cape Town

Jonathan Butler

Been a lot of places  
I've been everywhere  
Nothing can compare  
To the place where I come from  
Where the oceans meet together  
And the mountain majestic  
People are so friendly  
A smile they always carry

I've flown [?]  
From Somerset to [?]  
Where I was born, I come from  
I'll always be from...

Cape Town  
That's where my heart belongs, yeah  
[?] yeah, yeah  
Cape Town  
That's where my heart belongs, yeah

Look at Table Mountain  
What a sight to behold  
Surround me like a blanket  
Like an old familiar soul  
And just His voice is  
Calling me from behind  
Calling me to a place  
Where my soul must settle down

Very soon I'll be back again  
Shaking hands with my best friends  
Talking bout the good old days  
Like it was yesterday

Cape Town  
That's where my heart belongs, yeah

Cape Town  
[?] oh yeah

Cape Town  
Is where my heart belongs

Cape Town, Cape Town  
You're my comfort, my song, yes

Cape Town  
Where my heart belongs

Cape Town, Cape Town  
You're my comfort, my song, yes  
Yeah
