

Forever Tonight

Jonathan Butler

I think it's time
Gotta stop pretending
Like we're living separate lives
Yours and mine
It's the same old story, mine
And I know that we both

Want something more to hold unto
A deeper love that we can live, baby
We say the words, but think few
I wanna show you a new beginning

You're my hope hope
Sole inspiration
Make me hope
Hope with no hesitation
I can't lose
Baby you with you
So, let's make it forever tonight (Forever tonight)
For all our lives
Yeah, yeah, yeah, yeah, yeah

I think how far
We've come together
Though we've been through some hard times
But our love's so strong
And that's just so hard to find
Oh, it's here, we should both

Stop playing games
Cross the line now
Take the next step
Give into the feeling
Baby there's just no way out (Way out)
We gotta follow my hearts beat and

You're my hope hope
My sole inspiration
Make me hope
Hope with no hesitation
I can't lose
Baby here with you
Let's make it forever tonight (Forever tonight)

You're my hope
Hope yeah baby
Make me hope
Hope with no hesitation
I can't lose
Baby you with you
So, let's make it forever tonight (Forever tonight)

And I could promise you one thing
It would be your love can bring
(Ooh) 'Cause when I lay down and close my eyes
(Ooh) All I see is you for the rest of my life (Of my life Ah-ah-ah)

Li-li-li-li-li-li-li (You're my hope, hope) Oh
Make me hope You do
Hope You do hey
Oh baby I can't lose
Baby without you
So, let's make it forever tonight (Forever tonight) Oh

You're my hope hope
My sole inspiration
(Make me hope hope)
You make me hope
No hesitation
I can't lose
Baby you with you
So, let's make it forever tonight (Forever tonight)

Oh yeah baby baby (You're my hope hope)
Baby, you make me the sunshine on my face
(Make me hope, hope) Oh yeah, oh you make me hope, baby
I cannot lose, without you
So, let's make it forever tonight
Wanna tell you baby

You're my hope hope
You're my soul baby
(Make me hope, hope) You give me hope (hope)
You give me love more than I can imagine
I can't lose, without you baby
So, let's make it forever tonight

Wanna love you all my life
