

# More Than Friends

Jonathan Butler

Well, my love, it's been a while  
We're together once again tonight  
Lying here in each other's arms  
Although we know it isn't right

I know that we're wrong  
'Cause we've done it so long  
That it's hard habit to break  
So we walk up in line  
It's just a matter of time  
'Till we make our first mistake  
Well, the feeling is so hard to shake

I wonder what she'd do  
If she only knew  
There's more to what I'm telling  
Between me and you  
(We are more than friends)  
There's nothing left to talk about  
I know she'll be walking out  
If she finds out  
You and I are more than friends

More than friends, than friends

Can we be sure  
That she doesn't know  
Well, it's starting to play on my mind (play on my mind)  
How much longer can we keep taking chances?  
Believe it or not, she's not blind

Yeah, I'm committed to her  
You're committed to him  
And there's no breaking away  
So we keep tempting fate  
Thinking it's never too late (never too late)  
To go our separate ways  
Well, the feeling is so hard to shake

I wonder what she'd do  
If she only knew  
There's more to what I'm telling  
Between me and you  
(We are more than friends)  
There's nothing left to talk about  
I know she'll be walking out  
If she finds out  
You and I are more than friends

So let's slow down  
Or somebody else will be hurt, yeah  
We'd better cut and run  
Though it's easier said than done  
Well, I just keep thinking  
There's more  
So, so much more, baby

I wonder what she'd do  
If she only knew  
There is more to what I'm telling  
Between me and you

'Cause I'm committed to her  
You're committed to him  
And there's no breaking away  
Well, I just keep thinking  
I just keep thinking

I wonder what she'd do  
If she only knew  
There's more to what I'm telling  
Between me and you  
(We are more than friends)  
There's nothing left to talk about  
I know she'll be walking out  
If she finds out  
You and I are more than friends
