

Overflowing

Jonathan Butler

In my heart
I am oh-so satisfied
Now you're a part of me, yeah
And this I can't deny

Woah, what I change
I'm a new person inside
Like a hand in glove
Oh, you're so perfect, my love

You reached out for me when I needed somebody
You held my hand when I was so lonely
(You turned me around)
I once was lost, but now I'm found

Overflowing (Overflowing)
You fill me up with love (With love)
Said I'm overflowing (Yes, I'm overflowing)
Your love's been good to me

Yes, you gave to me
A love so very strong (Give your love to me)
Precious love to me
For you I write this song

You reached out for me when I needed somebody
You held my hand when I was so lonely
(You turned me around)
I once was lost, but now I'm found

Overflowing (Overflowing)
You fill me up with love (With love)
I said, I'm overflowing (Yes, I'm overflowing)
Your love's been good to me

Feel so right
I'm in paradise when you hold me tight
I've been holding on
Because we can't go wrong with a love so strong

Well
Uh, keep on playing for me
All right

Feel so right
I'm in paradise when you hold me tight
(Holding on) Ooooh, yeah
(Love so strong)

You reached out for me when I needed somebody
You held my hand, girl, when I was so lonely
(You turned me around) Yes, you turned me around
I once was lost, but now I'm found

(Overflowing)
You fill me up with love (With love)
Said I'm overflowing (Yes, I'm overflowing)

Said your love's so good, oh, darling, darling

I said I'm overflowing (Overflowing)

You fill me up with love (With love)

Said I'm overflowing, baby (Yes, I'm overflowing)

Your love is good to me...
