

When Love Comes In

Jonathan Butler

Oooo

We have found our way here
Against our will
In this room so cold and bare
Where no face is unknown
And no earth lies unroamed
And no heart is untouched by despair

Now we have come from miles around
Whether by air or by ground
Whether rich or whether poor
And the sayers they all say
By the dimming of the day
There'll be at least about a million more

In the end all I can say
Love will lead the way
And this is where love comes in

Oooo

Send help right away (I'm tellin' you)
Something's gone wrong
I'm like a prisoner in my own home

Oooo

Help is on the way
They say
But no one can even say how long (How long)
How long

What I do know for sure
Is I don't know
Just how this part of the story will end, oh no
In the end all I can say (All I can say)
Is love will lead the way
And this is where love comes in (This is where love comes in)

After all is said and done (All is said and done)
Only one way, ain't but the one (yeah yeah yeah)
And this is where love comes in (Love comes in)

(This is where love begins)
It's where the love
Love's the only way we can win (This is where love begins)
It's where the love (This is where love begins)
Love come in (This is where love begins)
It's where the love
In our happiness
In in our hungriness (This is where love begins)
This is where love comes in

Oooo

Send help right away (I'm tellin' you)
Something's gone wrong
I'm like a prisoner here in my own home

Oooo

Help is on the way, they say

But even they can't say how long (How long)
How long

What I do know for sure
Is I don't know (Oh I don't know)
Just how this part of the story will end (Oh no)
In the end all I can say (All I can say)
Is love will lead the way
And this is where love comes in
Comes in

After all is said and done
Only one way, ain't but the one
And this is where love comes in
Oooo
Love comes in
