

## Basic Needs

Jonathan Davis

I may not act like I'm torn apart  
But blood don't look deep red when the dark  
Surrounds me  
I may be frozen numb from the fight  
The pain belongs to me  
But your lie surrounds me  
Surrounds me, surrounds me

I don't feel hunger, I don't need air  
There's blood in my veins 'cause I know you are there  
I don't need shelter, nothing at all  
The reason I'm here  
Don't you know that you're all my basic needs

I may be crippled by my own mind  
Your silence haunts my head  
And they always find me  
I may be used to feeling this way  
Almost forgot remembering to remind me  
Remind me, remind me

I don't feel hunger, I don't need air  
There's blood in my veins 'cause I know you are there  
I don't need shelter, nothing at all  
The reason I'm here  
Don't you know that you're all my basic needs

I don't feel hunger, I don't need air  
There's blood in my veins 'cause I know you are there  
I don't need shelter, nothing at all  
The reason I'm here  
Don't you know that you're all my basic needs  
My basic needs
