

Got Money

Jonathan Davis

Got money (yeah)
And you know it
Take it out your pocket and show it
Then throw it like
This way (fly) that way (fly)
This way (fly) that way
Gettin' on mug from everybody who see that
Hang over the wall of the VIP like
This way (fly) that way (fly)
This way (fly) that way

I was bouncing through the club
She loved the way I did it but
I see her boyfriend
Hatin' like a stupid city cop
Now I ain't never been a chicken
But my fitty cock
Say I ain't never been a chicken
But my semi cocked
Now where your bar at?
I'm tryna run it out
And we so bad about it
Now what are you about?
DJ show me love
They say my name when the music stop
Young funky little JD then the music drop
I make it snow, I make it flurry
I make it out like tomorrow so don't worry
Yeah, young JD on them hoes
A.K.A. Mr. Make It Rain on them hoes
(Young money)

Got money (yeah)
And you know it
Take it out your pocket and show it
Then throw it like
This way (fly) that way (fly)
This way (fly) that way
Gettin' on mug from everybody who see that
Hang over the wall of the VIP like
This way (fly) that way (fly)
This way (fly) that way

Here we go one for the money
Two for the show
Now clap your hands if you got a bank roll
Like some clap on lights in this bitch
I be clapping all night in this bitch
I is lootsin to a big dog
And I'm a great Dane, I wear eight chains
I mean so much ice, they yell skate Wayne!
She wanna fuck weezy, but she wanna rape me

Got money (yeah)
And you know it
Take it out your pocket and show it
Then throw it like

This way (fly) that way (fly)
This way (fly) that way
Gettin' on mug from everybody who see that
Hang over the wall of the VIP like
This way (fly) that way (fly)
This way (fly) that way
