

Comin' Out

Jonathan McReynolds

I've never fallen this low before
Is this rock bottom cause I can't take no more
The enemy knew its buttons to push
Now I'm stuck in a pile of my own mess

And I don't know what it will take but
I I'm comin' out
It wasn't meant for me to stay here long
And be content with living wrong (no)
I I'm comin' out
God would get the glory out my life
I'll get it right this time
I'm comin' out

Tired of waiting on cycles to build
So I'll lean on the shoulder that I can depend on
Walking into what You called me to be
Step by step
You've already done it
You're waiting on me

And I don't know what it will take but
I I'm comin' out
It wasn't meant for me to stay here long
And be content with living wrong (no)
I I'm comin' out
God would get the glory out my life
I'll get it right this time
I'm comin' out

I'm comin', Out of fear
I'm comin', Out of depression
I'm comin', Out of sin
I'm comin', But more importantly
I'm going, To love
I'm going, To joy
I'm going, To peace
I'm going, To happiness
I'm going, In the sound of mind
I'm going, Closer to You Jesus
I'm going, Only You can rescue me

And I know I'm comin' out
It wasn't meant for me to stay here long
And be content with living wrong (no)
I I'm comin' out
God would get the glory out my life
I get it right this time
I'm comin' out

Get the Glory out my life cause...
You said that You would heal me, set free and deliver
So God please, deliver, I'm comin' out
