

# First Always

Jonathan McReynolds

We all got the same twenty-four hours  
When I'm in Your presence, I'm empowered, yeah  
Let Your blessings rain on me like showers  
Go to sleep  
Wake up spend my mornings with You  
Giving You the praises through  
Good and bad days, it's true  
Even on my way to work  
Not just when I'm in church  
I'ma put You first always

Everyday  
You gon' get the first fruit  
Make a play  
I gotta consult You  
You lead the way  
Always been my go-to yeah  
So whenever You talk I'ma listen  
To the still voice in my head  
And You never leave a message unread  
Always on my mind, You stay in my head  
So I pray and meditate on every word You said

We all got the same twenty-four hours  
When I'm in Your presence I'm empowered yeah  
Let Your blessings rain on me like showers  
Go to sleep  
Wake up spend my mornings with You  
Giving You the praises through  
Good and bad days, it's true  
Even on my way to work  
Not just when I'm in church  
I'ma put You first always

I vow to put You first always  
Always  
Always, yeah

God our Father, You deserve  
My days  
And I vow to put You first  
Always  
Always showing that You're worth  
My praise  
And I vow to put You first  
Always

God our Father, You deserve  
My days  
And so I vow to put You first  
Always  
You're always showing that You're worth  
My praise  
And I vow to put You first  
Always  
And I vow to put You first  
Always

Yes I vow to put You first  
Always  
God I vow to put You first  
Always  
You deserve to be put first  
Always

Before I give myself to people  
(Always) Before I give myself to work  
I give myself to You (Always)  
Always  
I'll put You first, always  
Always, always (Always)  
Always, always  
Always
