

# Jesus

Jonathan McReynolds

Every city, I travel to  
I ask a Christian, why do they believe  
Is it nature, or a feeling  
Or some sense of destiny  
Did you find God in logic  
Or did church come with your last name  
No the number one reason they say He's real  
Is ever since they met Him they've been changed

Jesus  
Jesus  
He's the only one  
That can help you  
If you go to Him  
And be sincere  
His blood will restore your soul

Don't worry  
No one can judge you  
We're all sinners in need of grace (yes we are)  
And no matter what,  
God will love you  
Just make sure you're among the save  
See, He already knows (already knows)  
The real you (the real you)  
So go on and bare your soul  
Cause He can pick up the broken pieces  
Of your life and make it whole

Jesus (oh I'm convinced that)  
Jesus  
He's the only one  
That can help you  
If you go to Him (when you pray to Him)  
And be sincere  
His blood (it)  
Will (will)  
restore your soul

Yes it will  
His name is (Jesus)  
Jesus, He's my savior, He's my friend  
The lover of my soul (Jesus)  
Jesus, when I call Him, He came running  
He came running, just for me (Jesus)  
When I pray, He came to fix it  
He came to see, about me His child yeah (Jesus)  
And I know He will do the same for you

When you go to Him  
And be sincere  
His blood will restore your soul
