

Sent Me A King

Jonathan McReynolds

Hmm...

God sent me a King
One born to change everything
God sent me a light
A love that makes wrong men right
In a way that only He can
God sent me more than just a man
He sent me a King
God sent me a King

For every time my heart was broken
Every time I lost my way
For every wrong needing forgiveness
Grace would come on Christmas day

Born the universe's finest
Angels sing the sweetest sound
Worthy of the throne regardless
If he wears a crown

God sent me a King
One born to change everything
He sent me a light
A love that makes wrong men right
In a way that only He can
God sent me more than just a man
He sent me a King, yeah
God sent me a King

For there is no way
I can stay
In the valley
Yeah, when born
Is the Lord
Of the mountain
Let me lift up my head
And see that my help is with me
Oh, let all earth receive
And every heart believe

God sent us a King
One born to change everything
He sent us a light, yeah
A love that makes wrong men right
In a way that only He can
God sent me more, more than just a man
He sent us a King
God sent us a King
