

## Situation

Jonathan McReynolds

I ask for things that I think that I need  
I get frustrated when you disagree  
And you're always listening closely to me  
But there is a limit to what I can see

So I'm not asking for an outcome  
Or praying for results  
I'm not hoping that it all goes  
Exactly how I want  
No I'm not asking you to do it  
Or asking that you don't

I'm just inviting you to my situation  
Come thru 'cause I want you in my situation  
I'm just inviting you  
In my situation

(I need thee oh, I need thee oh)

You see the big picture  
You hold the frame  
Past, present and future  
You see the same  
I know that it's very human  
To want everything my way  
But if I don't get what I pray for  
My hope is in your name

So I'm not asking for an outcome  
Or praying for results  
I'm not hoping that it all goes  
Exactly how I want  
No I'm not asking you to do it  
Or asking that you don't

I'm just inviting you to my situation  
Come thru 'cause I want you in my situation  
I'm just inviting you  
In my situation  
I'm just inviting you to my situation  
Come thru 'cause I want you in my situation  
I'm just inviting you  
In my situation

I just want you  
I just want you here with me, Lord  
I just want you  
I just want you here with me, Lord  
I just want you  
I just want you here with me, Lord  
I just want you  
I just want you here with me, Lord

I'm just inviting you to my situation  
Come thru 'cause I want you in my situation  
I'm just inviting you, Jesus  
In my situation
