

Stay High

Jonathan McReynolds

Heeeeyyy... No ooooo hmmmmmm
You can't catch a bird while it's flying in the air
No, you gotta wait till it comes to the ground
And you can't stop a saint while they're in full flight
No, the devil's gotta wait till we come down

So I'll Stay High
I ain't coming down for no reason, I'll be reading my word
I ain't coming down for no Satan, I'll be praying to my Lord
I ain't coming down for no sinning, while I'm living for my God
I ain't coming down for nobody, no I'll just Stay High
High High High
So watch me Fly
Fly Fly Fly

Say we've all got targets on our back
Cos all heaven and hell knows our worth
So I'm standing guard, cos life's coming hard
Soon as we walk out of church

So, I'll Stay High
I ain't coming down for no reason, I'll be reading my word
I ain't coming down for no Satan, I'll be praying to my Lord
I ain't coming down for no sinning, while I'm living for my God
I ain't coming down for nobody, no I'll just Stay High
High High High High
So watch me Fly

Fly (Yeah!)
Fly Fly (Through Jesus, we're more than conquerors C'mon)
No, you can't bring me down at all
You can't bring me down
Regardless, more than every circumstance
You just hop over the competition Like Jordan
I'm opposite the jump, man
So on your grace and mercy, I will fly
When they hate more, I'll pray more, Yes Lord
Imma Stay High
High High (Imma Stay High) High
(So watch me) Fly Fly
Like an eagle imma fly Fly

Even when the service is over (Just Stay High)
And when your friends stay rolling in the dirt, no (Just Stay High)
When your family make you wanna curse, no (Just Stay High)
Someday, we all gotta learn to (Just Stay High)
Mount up with wings like an eagle (Just Stay High)
Know you've got a purpose, so (Just Stay High)
Don't ever let them bring you down, now (Just Stay High)
And You don't even need them drugs now, you just gotta (Stay High)
I know that it ain't looking good now (You Just Gotta Stay High ah aha ha)
And don't you worry about tomorrow (You Just Gotta Stay High)
God gave us strength to Stay High (Stay High)
You Just Gotta Stay High
You Just Gotta Stay High
Stay High
You Just Gotta Stay High

High

(Bro the song is over, aha aha ha)
