

I Give You Glory

Jonathan Nelson

My dad told me after a move like that
It's nothing left to do but to celebrate
Okay I don't know who I'm talking to tonight
I said it's nothing left to do but to celebrate

I give you glory (hey)
I give you praise (hey)
Cause my enemy
Did not triumph

I say we about to seal it with a praise
See I don't know if you're ready
This is an SOS moment
So I need a little more room, little room right here

I give you glory (hey)
I give you praise (hey)
Cause my enemy
Did not triumph

Anybody ready to bless the Lord in here tonight?
I said is anybody ready to lose your mind?
Cause the devil lost again
I need everybody to jump with me
Like they say
I give you glory (hey)
I give you praise (hey)
Cause my enemy
Did not triumph

I need you to look back over your life
Look back over last year
The fact that you're still standing
Is proof that the devil didn't win
Can I do it one more time? (yeah)
Ya'll help me do it, come on
I give you glory (hey)
I give you praise (hey)
Cause my enemy
Did not triumph

Are ya'll ready over here? (yeah)
Are ya'll ready over here? (yeah)
Ya'll don't sound - are ya'll tired?
Are you ready to praise the Lord?
If the devil did not win
I want you to lose your mind on this song
We're gonna praise him
We're gonna dance
Cause we are free tonight
Tell your neighbour I'm free
(I'm free)
Can I do it one last time right here?
Everybody do it with me
Here we go, ya'll ready?
One - two - one - two - three - hey

I give you glory (hey)
I give you praise (hey)
Cause my enemy
Did not triumph

Yeah
I give you glory (hey)
I give you praise (hey)
Cause my enemy
Did not triumph

Yeah
I give you glory (hey)
I give you praise (hey)
Cause my enemy
Did not triumph

So glad the enemy
Did not triumph
So glad the enemy
Did not triumph
So glad the enemy
Did not triumph
So glad the enemy
Did not triumph
So glad the enemy
Did not triumph
So glad the enemy
Did not triumph
