

Name of the Lord

Jonathan Nelson

Just tell somebody
The name of the Lord is a strong tower
And can you just do me a favor
Can you just confess the name Jesus in the building
For just a second everybody
Say it till you feel it in your spirit
Say it till it get good in your belly
Somebody lift up your hand and call the name Jesus

Put your hands on and clap clap

The name of the lord is a strong tower
(The name of the lord is a strong tower)
The righteous run in and they are saved
(The righteous run in and they are saved)
The name of the lord is a strong tower
(The name of the lord is a strong tower)
The righteous run in and they are saved
(The righteous run in and they are saved)
From the arrows by day
And the terror by night
We have the victory

The righteous run in and they are saved
