

The Blood

Jonathan Nelson

The blood redeem you
The blood washed you
The blood set you free
There is still power in the blood, amen
I just need somebody to shout out, their loved
Somebody say, I'm shielded
I'm protected
Because of the blood
Now can y'all open up your mouth
And give Jesus a good Hallelujah because of the blood
Glory to God

Whatever may come
It won't harm me
Whatever may come
It won't harm me
For I am (Shielded) shielded
(Shielded) guess what, church, I'm protected

I'm protected
By the blood

We're goin' a little old school, church
This evenin'
When you catch it just singin' in your spirit tonight

Whatever may come
It won't harm me
Can I get a witness tonight?
Whatever may come
Somebody say, it won't
(It won't harm me) for I am shielded
For I am (Shielded)
I'm protected (Shielded)
Somebody raise your voice and say it

I'm protected
By the blood

Come on, everybody help me say
The blood of Jesus
(The blood of Jesus)
Glory to God
(Yes, it's coverin' me)
The blood of Jesus
(The blood of Jesus)
It's still workin'
(It's still workin')
The blood of Jesus
(The blood of Jesus)
It's still
(Yes, it's coverin' me)
The blood of Jesus
(The blood of Jesus)
Yes, Lord
(It's still workin')
You're God and I am shielded

For I am (Shielded)
When I see the blood
(Shielded) I pass over you because

I'm protected
By the blood

We gotta get it in the house
We're gonna say it again
The blood of Jesus
(The blood of Jesus)
Glory to God
(Yes, it's coverin' me)
The blood of Jesus
(The blood of Jesus)
It's still workin'
(It's still workin')
Catch it and sing it over yourselves, ay
(The blood of Jesus)
Yes, Lord
(Yes, it's coverin' me)
The blood of Jesus
(The blood of Jesus)
It's still
(It's still workin')
Words healin'

For I am (Shielded) I'm shielded
(Shielded) I'm protected, hey

I'm protected
By the blood

Say it again, get in the house
For our children's hands, say
(For I am shielded) I'm shielded
(Shielded) say it real good, y'all

I'm protected
By the blood

Here we have a little somethin' for the church
Everybody put your hands on a clap, clap
Come on

The blood is workin'
(The blood is workin')
It's still workin'
(It's still workin' right now)
On y'all
(The blood is workin')
I wish I had a witness that would raise your voice, say
The blood is workin'
(The blood is workin')
It's still workin'
(It's still workin' right now)
On y'all
(The blood is workin')

Now everybody, I want you to decree and declare
The blood (The blood)
Oh, sound your own declare (The blood)

From the top of your head to the soul of your feet (The blood)
Speak it over yourself and say (The blood)
Speak it over yourself and say (The blood)
Speak it over your children, sayin' (The blood)
Speak it over your body sayin' (The blood)
Everybody lift it up, say (Hey) (The blood)
Yeah, say (The blood)

Said, the blood of Jesus (The blood)
Set aside my soul (The blood)
Said, the blood of Jesus (The blood)
Said it made me whole (The blood)
The blood that He shared for me (The blood)
Payback on cavalry (The blood)
The blood that gives me strength (The blood)
From day to day (The blood)
Yes, Your reasons to the highest (The blood)
The highest, highest mountain (The blood)
Yeah, and it flows (The blood)
It flows to the lowest valley (The blood)
Yes, the blood did save me (The blood)
Yes, the blood, it healed me (The blood)
Can I get one witness here? (The blood)
Hey, said the blood of Jesus (The blood)
Because I'm covered by the blood (The blood)
Cancer's gotta pass me over (The blood)
Because I'm covered by the blood
Diabetes gotta pass over

(Oh, I'm shielded) I'm shielded
(Shielded) (Somebody raise that I'm protected)
I'm protected

Somebody raise your voice and say it
(I'm protected) the blood is my defense, yeah
(I'm protected) the blood is my defense, yeah
(I'm protected) the blood is my defense, yeah
(I'm protected) so why don't you lift your voice and say
I'm (Yeah)

I'm protected
By the blood

Somebody give him glory
Somebody give him glory if you know if wasn't for the blood of Jesus
You coulda been dead
You coulda lost your mind
You coulda lost your house
You coulda lost your family
But because of the blood is coverin' you
Trouble's gotta pass over
Sickness gotta pass over
Disease gotta pass over
Depression has to pass over
Suicide's gotta pass

Can I just get some sanctified people
Just to say the blood, the blood, the blood, the blood, the blood
The blood is still workin'
I coulda lost my mind but the blood
I could have died, the blood
I'm shielded, I'm protected because of
Can somebody just shout out real loud sayin' the blood (Blood)

And can you open up your mouth
And give Jesus the praise on that right there
Can you give him a praise on the blood?
Put a praise on the blood
