

If She Don't Love Me

Jonathan Richman

Ohh, Ohh, Ohh Ohh Ohh

Well Now Ohh, Ohh

She says she don't love me

but I don't know

She says she don't love me

but how can this be so

If she don't love me

if love has gone

why does she still laugh

when it's been so long

it's been so long

She says she don't love me

but I'm not sure

If she don't love me

why does this hurt endure

if she don't love me

if love ain't there

why is she still mad

why does she still care

why does she still care

Ohh Ohh

That's her on the phone

This could go either way

says she don't love me

but who can say

if she don't love me
why does she treat me this way
if she don't love me
if love ain't there
then why does she call now
just to curse and swear
just to curse and swear

Ohh Ohh

That's her on the phone
I think I should get it
I'll talk to you later
This could go either way
