

## My Affected Accent

Jonathan Richman

In High School, I was such a brat  
I talked with an accent I didn't have  
I borrowed from this and I borrowed from that  
To make my affected accent  
His affected accent  
Whoa, yeah

Such a brat, such a brat  
I used big words and I talked through my hat  
I said, "Reclined", when I should have said, "Sat"  
In my affected accent  
His affected accent  
Whoa, alright

Such a brat, such a brat  
Used big words, I talked through my hat  
I said, "The aforementioned", when I should have said, "That"  
In my affected accent  
His affected accent

I droned like William F Buckley does  
Uhh  
I should have been bullied more than I was  
With my affected accent

I had a fake professorial rolling oh  
Ohh, ohh  
I talked about things that I don't know  
In my affected accent  
Alright

40 years later I apologized for  
My affected accent, whoa-oh  
40 years later he apologized for  
His affected accent, whoa-oh
