

# Time Has Been Going By So Fast

Jonathan Richman

Time has been going by so fast  
So that I can foresee the day will say goodbye  
We've been having fun all these yesteryears  
But time keeps going by

Time keeps going by so fast  
All the things we've been waiting for have already passed and gone  
We've been loving with love and love comes from above  
But time keeps moving on

Time has been going by so fast  
That all the things we've waited for have now already passed and gone  
We've been having fun all these yesteryears  
But time keeps moving on

Oh, we've been loving with love and love comes from above  
But time keeps moving on  
Passing by  
Keeps moving so fast
