

## Just Us

Jonathan Roy

It's Christmas time in Montreal  
Sitting here in pub St. Paul  
Waiting for my baby to call me  
As more snow starts to fall  
So I grab myself another beer  
Wishing I was far, far away from here  
Waiting for my baby to call me up  
From another hemisphere

I just want you, and me  
Warming our frozen feet  
We don't need much  
Just us, and this old Christmas tree

I got the news, my baby's coming home  
'Cause Christmas ain't no fun alone  
Waiting by the window  
'Til you come on home

I just want you, and me  
Warming our frozen feet  
We don't need much  
Just us, and this old Christmas tree  
I just want you, and me  
Home Alone 2 on TV  
We don't need much  
Just us, and this old Christmas tree

Halle-hallelujah  
Halle-hallelujah

I just want you, and me  
Warming our frozen feet  
We don't need much  
Just us, and this old Christmas tree (and this old Christmas tree)  
I just want you, and me (I just want)  
Home Alone 2 on TV  
We don't need much  
Just us, and this old Christmas tree (no)

We don't need much  
Just us, and this old Christmas tree
