

Pioneer

Jonathan Thulin

You will be extraordinary,
The tree our roots have grown.
You will sow what we have planted,
and known what we have known.

You will run the fields and gather,
The hearts that need a home.
Once a child, your heart will deepen,
And be the nation's home.

And you'll never know,
The things we've done here,
And you'll never see,
How our hearts were so near,
But I will be strong,
And stand for what is true,
And I'll pioneer the way for you.

You will start a revolution,
And change generations.
Your call will echo through the valleys,
And reach the mountains.

And you'll never know,
The things we've done here,
And you'll never see,
How our hearts were so near,
But I will be strong,
And stand for what is true,
And I'll pioneer the way for you.

The heart has one condition,
To fly without remission,
You'll know if you'll just listen,
As its beats, cos it beats for one thing...

Love, love, love
Love, love, love,
For one thing, love yeah,
For love, for love, for love...

You'll never know,
The things we've done here,
And you'll never see,
How our hearts were so near,
But I will be strong,
And stand for you,
Child of the future,
Crop of the soiled earth.
Live by the fruits
You are destined to produce...

And I'll pioneer the way,
I'll pioneer the way,
I'll pioneer the way,
Pioneer the way.

You will be extraordinary,
The tree our roots have grown.
