

Who's gonna live  
In all those cities underground  
If they move there  
When will they ever come out of the ground  
Are they gonna raise their children  
In tiny caverns in the ground  
Send the children out to play  
In the soundbay I found

Fa fa fa fa fa fazon fazon fazon

Who's gonna be the ones who live beneath the sea  
All their lives a thousand feet beneath the sea  
Pushin mother tells her baby it used to be a lighter place  
If she's a good baby baby might feel the sun upon his face some  
day

Fa fa fa fa fa fazon fazon fazon

Who's gonna go on all those trips in outer space  
All their lives in the darkened outer space  
After a hundred generations billion miles from the sun  
All the spaced out people finally find another one  
And they say:

Fa fa fa fa fa fazon fazon fazon  
Fa fa fa fa fa fazon fazon fazon
