

## Hard to Get Over

Jonathan Wilson

You're so hard to get over  
You're so hard to get over  
You're so hard to get over  
It's so hard to be done  
Yeah you're so hard to get over  
It's so hard to be done

The way you make love  
Makes me see my funeral on my wedding day  
The way you're daddy's girl  
I've watched the reel, I still don't believe it

You're so hard to get over  
It's so hard to be done  
Yeah you're so hard to get over  
It's so hard to be done

The way that you turn on  
It's just like Christmas on my Birthday  
The way you taste your own  
Did I teach you that? I still don't remember

The way you're so free...

The way your body speaks  
Sweet caramel gloom descending  
The way you fuck with abandon  
In every lucid dream you're the soul receiver  
You're so hard to get over  
You're so hard to get over

You're the only one [repeat till end]
