

# Waters Down

Jonathan Wilson

Modern world a nesting mystery  
Turn it round turn it round  
Wipe the sore from many recent memories  
Turn it round turn it round

Waters down  
Rivers down  
Waters down  
Rivers down

Here are people's cries  
Peace we want to try

Waters down  
Rivers down  
Waters down  
Rivers down  
Waters down down down  
Rivers down down down  
Waters down down down  
Rivers down down down

Natural world she needs our energy  
Keep it round keep it round  
Smallest world that anyone has ever seen  
Love it lives love it lives

Waters down  
Rivers down  
Waters down  
Rivers down  
Waters down down down  
Rivers down down down  
Waters down down down  
Rivers down down down

Hear my people's cries  
Peace we want to try
