

Sick In The Teeth

Jonezetta

I am you
You are mine
We are one
At a time
This is old
Will you shut it off?
I am sick
In the teeth
Rip them out
While I sleep
This is old
Will you shut it off?

It's nothing personal
It's nothing at all
It's nothing personal
I've just got to get you
Out of my blue veins

You are the devil on my shoulder
I don't know how long I can hold you
This is cold
Will you shut it off?
I am sick in the teeth
Rip them out
In my sleep
I am cold
Will you shut it off?

It's nothing personal
It's nothing at all
It's nothing personal
I've just got to get you
Out of my blue veins
