Oh 0 0 00 0 00

Oh it feels like I've gone blind, oh my
It's obvious I'll be ruined by your beautiful trap
Don't you know? Don't you know?
Your laugh is dangerous
Don't you know? Don't you know?

"I told you so"
They tell me not to get close to you,
Even your attractive eyes
"See, she targeted him again"
They say I'll get hurt if I give her all my heart
The funny thing is, the pathetic thing is
Even when you're being cunning
You're so attractive, it's so fatal

Yeah, I think you're a bit crazy
When I look at you, I think I'll go crazy
She's making me crazy I'm so into you
The reason I'm attracted to danger,
The reason I enjoy it more

I'm like a broken mask,
I innocently believed in you
When I take a deep breath,
You make me addicted, oh my
You're perfect on the outside,
A dangerous game for me
Don't you know? Don't you know?

I felt it when I first saw you
I knew I would get hurt if I touched you but I denied it
And I squeeze you even tighter
Both sides of the blade dig into me
I try to cut you out but I can take this much
I'm already disinfecting my weakened min with alcohol
Because the sin is so much sweeter than its consequences
It was already too late to stop
I'm falling deeper
Into the crazy swamp of love that you dug

Everything is so different, I'm already at the end of my life
Even if I can't open my eyes the next morning,
I'll be happy because I'm next to you
Now what used to be an X is now an O,
I want you every moment
Any kind of heaven without you is hell
Sorry God, don't forgive my guilty pleasure
Hold me even tighter my precious

Yeah, I think you're a bit crazy
When I look at you, I think I'll go crazy
She's making me crazy I'm so into you
The reason I'm attracted to danger,
The reason I enjoy it more

You pretend not to know, you pretend there's
Nothing going on - You avoid me and I get angry
But you don't even act timid, you look at me
And beckon me again Crazy crazy crazy

Yeah, I think you're a bit crazy
When I look at you, I think I'll go crazy
She's making me crazy I'm so into you
The reason I'm attracted to danger,
The reason I enjoy it more

The reason I'm even more attracted
(I'm looking at you, not knowing what to do)
The reason I enjoy it even more
She's making me crazy I'm so into you
This doesn't even make sense,
I think you're a bit crazy
