I'm sorry, it's my fault
Thank you, it's all thanks to you
These were words you said out of habit
Even though I knew you were struggling too
You probably think I'm a fool

If I say that things are hard with a crying face
Will it really get better?
If I cry and say it hurts, who will have a harder time?
Everyone will be fine

Maybe we trapped each other
Inside our own misunderstandings
No, you don't understand me
Whenever I see your worried eyes

Baby I'm so lonely so lonely
I feel like I'm alone
When I see you so tired, I worry
That I'm baggage to you, that I'm too much

Baby I'm so lonely so lonely
I feel like I'm alone
I don't want to make it obvious to you

I'm used to just holding it in
Understand me

We're together but we're not walking together
Loneliness and misery, the difference is only one memory (Ooh)
But why do you keep trying to write it as something else?

Baby I'm so lonely so lonely
I feel like I'm alone
I don't want to make it obvious to you
I'm used to just holding it in
Understand me

Leave me alone

Baby I'm so lonely so lonely
I feel like I'm alone

Baby I'm so lonely so lonely
I feel like I'm alone
Still, I don't wanna hide it from you
But I'm used to just holding it in
Understand me
