Oh as if you recognized me (you're shining brightly)
Like a star in the dark night
(NEON) the darker it is (NEON) you shine baby
(NEON) the darker it is, the more beautiful you are

Don't try to hide, I'm scared of your cold eyes
I saw the light that is you, who can't be caught
Don't let go of my hand
When morning comes,
When I meet someone, I feel it
The color of the world without you is boring

Even without lights, you shine even brighter
Even without lights, you shine brighter than anyone else
Show me today, show me your real face
She is a NEON, shine your light

Camomile or milk tea, what do you want?
Tell me, is it okay hot? Relax a little
NEON, that's a point, you know neon colors
When you turn off the light,
Everything but you turns black

Don't try to hide, I'm scared of your cold eyes
I saw the light that is you, who can't be caught
Don't let go of my hand
When morning comes,
When I meet someone, I feel it
The color of the world without you is boring

Even without lights, you shine even brighter
Even without lights, you shine brighter than anyone else
Show me today, show me your real face
She is a NEON, shine your light

I lack nothing when I have you by my side
I can do everything,
I can shine on my own
Don't leave me alone in the dark night
Don't go anywhere by yourself,
You know (You know what I'm saying)

Even without lights, you shine brightly
Even without lights, you dazzlingly shine
Show me today, show me your real face
(Show me the real you)
She is a NEON, shine your light

Even without lights, you shine even brighter
Even without lights, you shine brighter than anyone else
Show me today (show me) show me your real face
She is a NEON
