On the Rock
Make it a little colder in your glass
In your heart that's like ice
You're so fresh
Is there even any room for me?
I'm getting anxious

You're so fine
I'm telling you how I feel without holding back (please sit)
If you feel the same, please sit here (stay by my side)
If I'm with you, I can go anywhere

You're like a street light
A soft light that wraps around me on top of the highway
(Drop, drop, drops on you)
If you're sitting on my right side
I can't concentrate

Can't stop with the brakes
This has always been a little dangerous

I need you baby Kiss me now (Red light)
When the red light turns on (red light)
Then kiss me
Don't stop
When the world stops, you and I become one
I need you baby Kiss me now (Red light)
When the red light turns on (red light)
Then kiss me
If you feel the same as me
Don't hide it

Please I'm tellin' you girl

There's no need to hesitate
This place is only for you and me
There's only darkness, there's only amazing words
I can't express you
(Oh girl) Tell me girl
We're at an uncontrollable speed
(Please relax baby)
It's too fast
If you come to me, I won't be able to hold it in
I can't just look at you, you know this

I need you baby Kiss me now (Red light)
When the red light turns on (red light)
Then kiss me
Don't stop
When the world stops, you and I become one
I need you baby Kiss me now (Red light)
When the red light turns on (red light)
Then kiss me
If you feel the same as me
Don't hide it
Please I'm tellin' you girl

I know it's dangerous but I can't hold it in

When the world stops, it's only you and me
