

Snakes and Ladders

Joni Mitchell

He
In a shopping mall
Finally met the perfect girl
She is all that matters
The only one in all the world
Like a Barbie doll
Oh love is snakes and ladders
Snakes and ladders

She
Just to have and hold
Is the perfect air-brushed angel
Makes you hot just looking at her
Stapled into all his braincells
Like a centerfold
Oh love is snakes and ladders
Snakes and ladders

Get to the top and slide back down
Get to the bottom climb back up
Buy the townhouse
Call the preacher
Get to the bottom climb back up
Get to the top and slide back down
Get to the bottom climb back up
Set up credit for the lovely creature
The lovely creature

He
On a corporate climb
Set his sights on power for her
On a silver platter
He gave up happy hour for her
Perrier and lime
Oh love is snakes and ladders
Snakes and ladders

She
In a handsome world
Put her mind to social graces
All the privileged chatter
Setting pretty table places
For the girls in pearls
Oh love is snakes and ladders
Snakes and ladders

Get to the top and slide back down
Get to the bottom climb back up
Buy the carphone
Call the broker
Get to the bottom climb back up
Get to the top and slide back down
Get to the bottom climb back up
Buy the wife a diamond choker
A diamond choker
