

## About You

Jonn Hart

You neva say you love me  
You always treat me bad  
You always make it bout you about you, yeah  
But every time I leave you  
I keep on running back  
No, I can't be without you, without you

You neva say you love me  
You always treat me bad  
You always make it bout you about you, yeah  
But every time I leave you  
I keep on running back  
No, I can't be without you, without you

Yeah, I want you, baby  
But it's complicated  
Can't understand  
Why you neva stay  
Don't you love me, baby  
You tell me maybe  
I keep on waiting  
You wont eva change

Eva change you won't eva change  
Can't you see  
Got me going crazy  
You push me further  
I love you harder  
Don't even bother  
You won't understand

You neva say you love me  
You always treat me bad  
You always make it bout you about you, yeah  
But every time I leave you  
I keep on running back  
No, I can't be without you, without you

Why I gotta let you back every time you leave?  
Do you see me hurting?
