Beast Mode

Jonn Hart

I know that you're afraid of love,
So baby, won't you back it off?
Put it on me, watching how your body drip, make it nasty.

She freaky, she nasty, she let it put it on me,
She freaky, she nasty, she let it put it on me,
She freaky, she nasty, she let it put it on me,
She freaky, she nasty, she let it put it on me.

Back up with it, you know what the deal is
Put them Vickies to the ground.
The questions in the morning, I ain't trying to hear it,
Tell your friend to join in, that is all a nigga's thinking.

But maybe later on, somewhere in the future
You can be my boo, girl, I ain't trying to lose you, mama.
She keeping classy, got them on her feet,
As soon as she bed she transformed into a beast.

She freaky, she nasty, she let it put it on me,
She freaky, she nasty, she let it put it on me,
She freaky, she nasty, she let it put it on me,
She freaky, she nasty, she let it put it on me.

Turning on to beast mode, yeah
Turning on to beast mode, yeah.
Turing on to beast mode, yeah
Turing on to beast mode, beast mode.

Thinking take her call with her fingers in her draws
Don't have it close the deal while I make a waterfall
She's sexy, go and break me off,
Make that tongue work like you don't need no days off.
Pretty with them tattoos, perfect skin and long hair,
If I amount the thickness girls would say you something
I swear her heart is right there, and I can take you frequent
Tonight I'm a beat that body like I don't care.

But maybe later on, somewhere in the future
You can be my boo, girl, I ain't trying to lose you, mama.
She keeping classy, got them on her feet,
As soon as she bed she transformed into a beast.

She freaky, she nasty, she let it put it on me,
She freaky, she nasty, she let it put it on me,
She freaky, she nasty, she let it put it on me,
She freaky, she nasty, she let it put it on me.

Turning on to beast mode, yeah
Turning on to beast mode, yeah.
Turing on to beast mode, yeah
Turing on to beast mode, beast mode.

She freaky, she nasty, she let it put it on me,
She freaky, she nasty, she let it put it on me,
She freaky, she nasty, she let it put it on me,
She freaky, she nasty, she let it put it on me.

Turning on to beast mode, yeah
Turning on to beast mode, yeah.
Turing on to beast mode, yeah
Turing on to beast mode, beast mode.
