Jonn Hart

Yeah, yeah, hey, yeah
Push me against the wall (Ha)
Fuck me and never call (Hey)
Yeah, yeah (C-C-Clayton William)

Girl, take it easy, don't make this hard (Easy)
I got you hooked from the start
That shit just caught you off guard
You don't believe in (You don't believe in)
I thought you knew, straight from the door to the floor
This how it's always gon' go

I told you, "Slow down, baby" (Slow down, baby)
But you didn't want to slow down, baby (You didn't want to slow down, baby)
Now you wanna bust down daily (Bust down daily)
Now you say you wanna have my baby
Now you so crazy
Stuck in your feelings, and now I'm gone
Always be hittm' up my phone
Yeah, you did it, now I'm wrong
Now you don't wanna leave me alone

I'll make it hard to breathe when I'm rippin' on that body (Whoa, whoa)
She on top of me, you gon' feel it for the moment (Whoa)
Got you begging me, now you scratchin and you biting (Whoa, whoa)
Just one time with me, and I'ma make you love it for life (Whoa)

I'ma make you love it (Love it)
I'ma make you love it girl
I'ma make you love it (Whoa)
I'ma make you love it for life
I'ma make you love it (Love it)
I'ma make you love it girl
I'ma make you love it (Whoa)
I'ma, I'ma make you love it for life

Oh, na, na, na, na, na, na
How would you feel making me your lover?
One night is all it takes
I'll be glad to be the one to tell you, "Pause your brakes"
Yeah, if it gets too out of hand
Body to body, how do you want to dance?
Cheek to cheek, you need a freak
I'll play the filthy in the streets
He's a beast I need a key to
Lock it down
Please believe I need it now
You're a tease don't be
Lick between suck on these
Shizz bomb like TNT
Reekin' sex, reekin' weed
Top smokin like chimney
Bitin' on me, baby, kiss on me
Yeah, let's fuck for life, eternity
Return my love, don't dip on me

I'll make it hard to breathe when I'm rippin' on that body (Whoa, whoa)

She on top of me, you gon' feel it for the moment (Whoa)
Got you begging me, now you scratchin and you biting (Whoa, whoa)
Just one time with me and I'ma make you love it for life (Whoa)

I'ma make you love it (Love it)

I'ma make you love it for life
I'ma make you love it (Love it)
I'ma make you love it girl
I'ma make you love it (Whoa)
I'ma, I'ma make you love it for life

I be on the scene with a flashlight
I be looking for you with a beam in the spotlight
I be having dreams, think I see you in my past life
I am really into you, I ain't do it for no brag rights
I be frettin' like I did last night
I be tripping now, when I really wanna act right

I be on the script and you don't need no rewrites (Whoa, whoa)

I'ma make you love it (Love it)
I'ma make you love it girl
