P-P-P-Papi  
P-P-P-Papi

She wake me up with the head like top of the morning  
You know I love to make it clap clap like we in New Orleans  
Back it up on me, yeah she like to ride like a mothafuckin' G  
Put both those off, oh  
If I'm mobbin', she mobbin'  
No problem it's just us  
If I'm all out, she all in  
She keep a nigga up  
Better act like you know  
She'd catch a case for me  
Ride or die for sure  
You know what it is, yeah

She love to call me papi (yes sir)  
Hold it down shorty cool as fuck  
She love to call me papi (whoa)  
She love to call me papi (yes sir)  
Catch a fade if a bitch act up  
She love to call me papi (whoa)  
Oh whoa oh

Yeah she love to call me Chulo, chew low  
Cause she know I'm the numero uno  
And she know when I tap that culo  
I'ma give it to her heavy like sumo  
And she know that I'm on my grind  
So in a few hours I'll be on my way  
So every minute is quality time  
She gon' sip that wine  
I'ma smoke mine babe  
So if you've ever had a Spanish girl give you love  
You could know exactly what I'm thinkin' of  
And if you turn the music down she gon' turn it up  
Watch her on the dance floor, she gon' burn it up  
Move her body and she turn me on  
In the bed I'ma serve her long  
And she could take it all night  
The way daddy put it down, get her head right

She love to call me papi (yes sir)  
Hold it down shorty cool as fuck  
She love to call me papi (whoa)  
She love to call me papi (yes sir)  
Catch a fade if a bitch act up  
She love to call me papi (whoa)  
Oh whoa oh

See I met her back in high school  
She the one I never lied to, yeah yeah  
The type you always need beside you  
Call her whenever and she gon' slide thru  
She hold the heat when it's gettin' hot  
She roll the weed and then we gettin' gone  
She look at me and then she gettin' on

Good sex til the morning  
She wet and she moaning  
Leave her scent on my clothes  
I don't wanna leave  
She a tease with them poses  
Ooh, but I'm already knowin'  
Don't do it girl, I'm already growin'  
She want another round  
I say, "fuck it" then I'm goin' in  
It's alright, oh boy she just might  
Get a playa in the game to reside  
Cause nothin' better than a girl that's down to ride

She love to call me papi (yes sir)  
Hold it down shorty cool as fuck  
She love to call me papi (whoa)  
She love to call me papi (yes sir)  
Catch a fade if a bitch act up  
She love to call me papi (whoa)  
Oh whoa oh
