

Queso

Jonn Hart

I'ma get how I want it
And you should know why
Mood is jefe every momin'
That water drip when I roll by

You don't really wanna test me now
Throw it back, she gon' get knocked down
They was hatin', tryna count me out
So wavy, ridin' jet-ski's now

I gotta get it, I gotta get it
You know I'm winnin'
Shawty bad, I got it bag, but I ain't trickin'
I gotta get it, I gotta get it
You know I'm winnin'
Shawty bad, I got it bag, but I ain't trickin'

I been doin' me, I never switched it though
On a new vibe, had to let it go
All my chains shine like a miracle
When I pull up its a blessin' like the Holy Ghost

I'ma get how I want it
And you should know why
Mood is jefe every momin'
That water drip when I roll by

I just feel amazin'
We been gettin' queso
I'ma get the bag and lay low
Then it's right back to the queso
Then it's right back to the queso
Then it's right back to the queso

I've been gettin to it, got that money on my mind
Roily bust down, I can't even tell the time
Mami so fuego, I'ma slide no lie
Stuntin' with the roof off, when I roll bye

Somethin' bout your body, I'm like, my, my, my
Every time I see you, aye, aye, aye
Ven pa' qui, mami, hi, hi, hi
I don't fuck with you, so, bye, bye, bye

I'ma get how I want it
And you should know why
Mood is jefe every momin'
That water drip when I roll by

I just feel amazin'
We've been gettin' queso
I'ma get the bag and lay low
Then it's right back to the queso
Then it's right back to the queso
Then it's right back to the queso...

Oh, yeah, whoa

Oh, yeah, whoa
