

She A Pro

Jonn Hart

Boy shorts, flip-flops, looking hot when she walked down
Nails done, hair done, like she fresh out of that nail shop.
Ain't said a word, but still she keeps looking me in my eyes
I can tell she want it, know she want it, cause she pulling on on my
tank-top.

We ain't even made it do the door,
I can tell them panties 'bout to hit the floor.
I can tell that she already lost control
The way that she get down I wouldn't never know.

She saying she don't know me do this,
She don't know me do that,
I ain't tripping, cause I already know.
Cause when she got a dose of this dick
She started throwing it back,
I had the crap, cause now that girl a pro.

Okay, it's another day
And she telling me now to leave and that she want me to stay.
Said she ain't like them other chicks that's after money,
She love how I ain't never gonna leave till she stray.
She saying baby, come get it, thought that she was on it,
Moment that I have that, know that she would love it.
Cause soon that I got her behind that doors
Now we on it, we on it, she on it, she saying

She saying she don't know me do this,
She don't know me do that,
I ain't tripping, cause I already know.
Cause when she got a dose of this dick
She started throwing it back,
I had the crap, cause now that girl a pro.

She don't fuck with Marley, but she probably fucked his 'rarri
If I get her out here shawty then the next stop is the lobby
She a pro, this ain't no hobby, ankles like she ride me.
Keep them Jeffery Kimbles on, girl, turn around and poppy.
Pop it back, let me know it's real, the game sick, yeah, I know she i
ll,
Get her close to steal, this how supposed to feel.

Front to back now, show me how much you like that,
She already know she's crack, she will have me coming back.

She saying she don't know me do this,
She don't know me do that,
I ain't tripping, cause I already know.
Cause when she got a dose of this dick
She started throwing it back,
I had the crap, cause now that girl a pro.
